## **Proceedings**

Meeting began at approximately 11.00 AM with Marc Farron presiding.

Marc read the minutes of the March 23<sup>rd</sup> ISSA chapter meeting that were revised and then approved.

It was decided the draft developed of the chapter by-Law will be placed on the web for review and then disused for approval at the May meeting.

A call for future presentations was made and it was decided a link to becoming an ISSA member will be placed on the chapter website and mailed to all interested parties.

Margaret Ziegler, Information Security Officer at Naples Community Hospital then presented on "Florida Law and Personal Information". A lively discussion ensued.

The meeting adjourned at 12:30 PM
